- PG Calc | Invested in your mission
- ## Main Types of Permanent Life Insurance
- 1) Whole Life Insurance
 - 2) Universal Life Insurance
 - 3) Variable Life Insurance
- © 2014 PG Calc | Gifts of Life Insurance | 13

- PG Calc | Invested in your mission
- ## Types of Permanent Life Insurance
- ### Whole Life
- Dates back to at least 1759
 - Guaranteed death benefit
 - Guaranteed cash values
 - Fixed annual premiums
- © 2014 PG Calc | Gifts of Life Insurance | 14

PG Calc | Invested in your mission

Types of Permanent Life Insurance

Universal Life

- Introduced in the late 1970's (time of very high interest rates)
- Combination of term insurance and tax-deferred investment account
- Cash value not guaranteed
- Death benefit may vary
- Premium may vary

© 2014 PG Calc Gifts of Life Insurance 15

PG Calc | Invested in your mission

Types of Permanent Life Insurance

Variable Life

- Variation on whole life and universal life
 - VWL – still contains death benefits guarantees
 - VUL – more popular; no death benefit guarantee
- Portion of premium allocated to separate account
- *Owner selects investments*
- Treated as a security
- Greater risk

© 2014 PG Calc Gifts of Life Insurance 16

PG Calc | Invested in your mission

Variation: Second-to-Die Policy

Two insureds → Proceeds → Beneficiaries

Proceeds paid at death of the survivor of the insureds.

Lower premiums because joint life expectancy longer than single life expectancy.

© 2014 PG Calc Gifts of Life Insurance 17

PG Calc | Invested in your mission

Variation: First-to-Die Policy

Two or more insureds → Proceeds → Beneficiaries (Individual or company)

Proceeds paid at death of first insured.

Higher premium because of greater probability of early death.

Ways to Give Life Insurance

Transfer Ownership of Paid-Up Permanent Life Insurance Policy

- **Deduction:** *lesser* of (1) the replacement value and (2) the adjusted cost basis
- **Replacement value:** current single-premium cost of purchasing equivalent policy. Practically, the cash surrender value (but could be larger)
- **Adjusted cost basis:** total premiums paid less withdrawals, dividends paid, outstanding loans, and mortality charge changes

© 2014 PG Calc | Gifts of Life Insurance | 19

PG Calc | Invested in your mission

Example – Paid-up Permanent Policy

Face value	\$100,000
Adjusted cost basis	\$25,000
Cash surrender value	\$48,000
Replacement value (determined by appraisal, based on current health of insured)	\$48,000
Deduction	\$25,000
Immediate value to charity	\$48,000
Future proceeds	\$100,000

PG Calc | Invested in your mission 

Prospects: Paid-Up Permanent Policy

Prospects

- Older
- Is/was a business owner, and/or
- Has grown children

© 2014 PG Calc Gifts of Life Insurance 21

PG Calc | Invested in your mission 

Ways to Give Life Insurance

Transfer Ownership of Existing Permanent LI Policy (premiums still required)

Deduction: *lesser* of (1) "interpolated terminal reserve value" and (2) the adjusted cost basis

Interpolated terminal reserve value is

- cash value (the cash build-up) **plus**
- any prepaid premiums and/or expected dividends, **less**
- any outstanding loans

(It is approximately the cash surrender value.)

© 2014 PG Calc Gifts of Life Insurance 22

PG Calc | Invested in your mission 

Existing Policy (premiums required)

Premium Payments

- Deductible by donor (\$ for \$)
- Paid directly to charity – 50/30 rule applies
- Paid to insurance company – **may** be deemed "for the use of" and **could** be limited to 30% of AGI

© 2014 PG Calc Gifts of Life Insurance 23

PG Calc | Invested in your mission 

Example: Existing Policy (premiums required)

Face Value	\$100,000
Interpolated terminal reserve value	\$5,400
Adjusted cost basis	\$7,500
Initial charitable deduction	\$5,400
Annual charitable deduction for premium contributions	\$2,500
Immediate value to charity	\$5,400
Future proceeds if policy remains in force	\$100,000

© 2014 PG Calc | Gifts of Life Insurance 24

PG Calc | Invested in your mission 

Prospects: Existing Policy (premiums required)

Prospects

- Older
- Have other assets to meet family and business needs
- LI company may be willing to split a larger policy into two policies – give one, keep one

© 2014 PG Calc | Gifts of Life Insurance 25

Ways to Give Life Insurance

Purchase a New Policy, Initially Naming the Charity as Owner

Example (Universal Life Policy)

Face Value	\$100,000
Projected total premium payments	\$25,000
Projected total charitable deductions	\$25,000
Tax savings (28% tax rate)	\$7,000
After-tax cost of policy	\$18,000
Immediate value to charity	--0--
Future proceeds if policy remains in force	\$100,000

© 2014 PG Calc | Gifts of Life Insurance 26

PG Calc | Invested in your mission

Ways to Give Life Insurance

Charitable Giving Rider

- 1-2% of face value
- Usually free of charge
- Require large policy – death benefit of \$1M+

Give Policy Dividends

- Donor receives dividends and gives them to charity
- Support charity without increasing cash outlay

© 2014 PG Calc Gifts of Life Insurance 30

PG Calc | Invested in your mission

Ways to Give: Name Charity as Beneficiary of Commercial Annuity

- Deferred variable annuity – named beneficiary receives cash value at death
- Immediate payment annuity or the annuitization of a deferred variable annuity - often will have a minimum guarantee period
- Tax-wise way to give: proceeds subject to income tax if given to individual heirs

Questions for Consideration

<http://www.nyso.unep.org/wedphoto.htm>

© 2014 PG Calc Gifts of Life Insurance 32

PG Calc | Invested in your mission 

Question A

What are the key questions to ask when offered a gift of life insurance? It Depends!

- Type of Gift
- Type of Policy
- If Term,
 - ✓ Amount of death benefit
 - ✓ Length of term
 - ✓ Amount of the premiums
 - ✓ Who will pay the premiums
 - ✓ Insured's age and general state of health

© 2014 PG Calc Gifts of Life Insurance 33

PG Calc | Invested in your mission 

Question A: Key Questions (con't)

- If Permanent,
 - ✓ Length of time of ownership
 - ✓ Age and general health of donor
 - ✓ Insured's age and general state of health
 - ✓ Paid-up or premiums required
 - Amount of the premiums
 - Who will pay the premiums
 - Financial analysis (policy illustrations)
- Request copy of policy
- Consult an insurance expert

© 2014 PG Calc Gifts of Life Insurance 34

PG Calc | Invested in your mission 

Question B

Why is it necessary to have a life insurance policy appraised when the replacement value or interpolated terminal reserve value can be obtained from the insurance company?

- Independent appraisal required if charitable deduction claimed will exceed \$5,000.
 - Non-cash gift
 - PPA of 2006 excludes parties related to the transaction
- Donor must file Form 8283.
- Charity must file Form 8282 in case of disposition within three years.

© 2014 PG Calc Gifts of Life Insurance 35

Question C

If premiums are still owing, is it better for the donor to make premium payments directly to the insurance company, or to make contributions to the charity to cover the payments?

Advantages of contributions to charity:

1. Donor can contribute appreciated securities.
2. Larger deduction limit.
3. Charity can better monitor premium payments.

Disadvantages: More administrative responsibility; donor may be less diligent in their gifts to charity than in making payments to insurance company

Question D

What are the consequences if a policy subject to a loan is contributed to a charity?

Cash value	\$20,000
Adjusted cost basis	15,000
Loan	6,000
Cost basis allocated to loan [$(\$6,000/\$20,000) \times \$15,000$]	4,500
Gain allocated to loan (Donor taxed on this)	1,500
Cost basis allocated to gift – charitable deduction [$\$14,000/\$20,000 \times \$15,000$]	10,500

Question E

Should a charity accept gifts of life insurance, and, if so, what acceptance guidelines should apply?

Possible guidelines regarding:

- Policy size
- Age of insured
- Exercise of all rights of ownership
- Payment of premiums

PG Calc | Invested in your mission

Question F

Should a charity encourage gifts of life insurance?

Case-by-case

VS.

Mass marketing

© 2014 PG Calc Gifts of Life Insurance 39

PG Calc | Invested in your mission

Advantages of a campaign promoting life insurance gifts

- Potential for significant future revenue
- More donors can become major donors
- Simple application process
- Possibly some immediate cash distributions

© 2014 PG Calc Gifts of Life Insurance 40

PG Calc | Invested in your mission

Disadvantages of a campaign to promote life insurance gifts

- May negatively impact annual fund
- Younger donors – longer deferral period
- Time required to track owner/insureds over a long period and monitor premium payments
- High lapse rate
- Possibly higher premium cost because no medical screening
- Political issue of working with one company or agent

© 2014 PG Calc Gifts of Life Insurance 41

Question G

How should life insurance gifts be credited?

Type of Gift	Current Value	Future Value	Amount Credited for Current Giving Club	Qualifies for Legacy Society
Ownership of long existing policy	\$15,000	\$100,000	\$15,000 (if cashed in)	Yes (if not cashed in)
Ownership of new policy	---0---	100,000	---0--- (in future, premium Contributions)	Yes
Beneficiary designation	---0---	100,000	---0---	Yes
Outright gift	100,000	100,000 plus earnings	100,000	No

Counting Life Insurance Gifts in a Capital Campaign

In the case of:

1. A single goal that encompasses both current and deferred gifts,
2. Two goals, one for current gifts and one for deferred gifts, or
3. Three goals, one for current gifts, one for irrevocable deferred gifts, and one for revocable deferred gifts.

Question H

What should a charity do if a person donates a policy and then stops paying premiums or making contributions to cover them?

- Continue paying premiums with its general funds?
- Surrender the policy for cash?
- Elect a reduced paid-up policy?
- Sell the policy?
- Other?

Question I

Should a charity conduct a periodic review of its life insurance policies?

Question J

Should a charity commit to establishing a named endowed fund with the proceeds paid on an insurance policy?

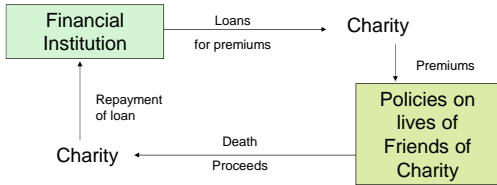

Problem: The proceeds received may be well below the minimum for an endowment at that time.

Possible solution: Require that discounted present value of death proceeds equal or exceed current endowment minimum.

Question K (1)

Should a charity participate in a premium-financed life insurance plan?

Charity has excess of proceeds over repayments for its mission.

Question K(1): Premium Financed LI Plan (continued)

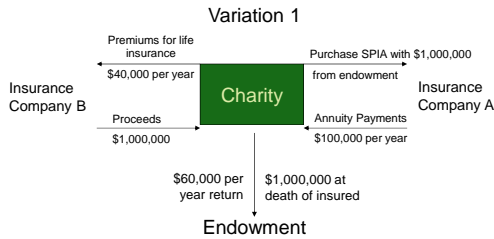

- Legal Questions
- Economic Questions
- Donor Considerations

Google: Oklahoma State University and T. Boone Pickens

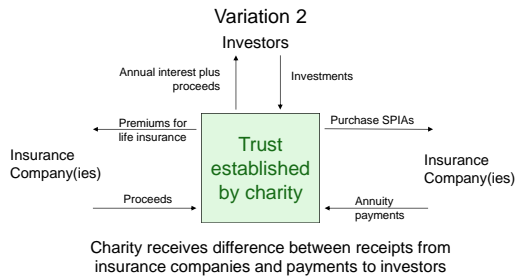

Question K(2)

Should a charity participate in an arbitrage arrangement?

Question K(2): Arbitrage Plan (continued)

Question K(2): Arbitrage Plan (continued)

- Insurable interest rules
- Who really benefits?
- Possible UBIT (debt-financed investments)
- Under attack in Congress
- Perception of the charity by donors

Question L

Can a life insurance policy be contributed for a gift annuity?

Example

Donor age	74
Face value of policy	\$100,000
Cash value	\$40,000
Adjusted cost basis	\$22,000

Question L: Life Insurance for CGA (continued)

	<u>Transfers Policy*</u>	<u>Surrenders Policy, Contributes Proceeds*</u>
Income tax deduction	\$9,733	\$17,697
Taxation of payments during LE:		
Ordinary income	\$1,343**	\$ 577
Tax-free	\$ 937	\$ 1,703
Taxable ordinary gain in year of gift	-0-	\$18,000

*Assumed gift date of June 1, 2014 and May CMFR of 2.4 percent

**includes taxable gain reported ratably

Question M

Are the tax consequences of transferring ownership of a commercial deferred variable annuity and transferring ownership of a life insurance policy the same? No.

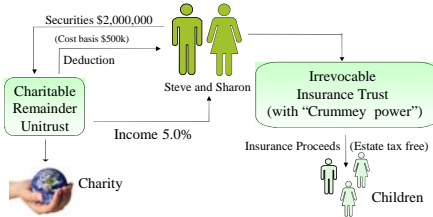

Example: commercial deferred variable annuity policy which was purchased for \$25,000, now has cash value of \$60,000.

Cash surrender value	\$60,000
Adjusted cost basis	<u>\$25,000</u>
Gain taxed as ordinary income	\$35,000
Charitable deduction	\$60,000
Deduction remaining after offsetting gain	\$25,000
Tax savings (35% rate)	\$8,250
Value to the charity	\$60,000

Question N

What is wealth-replacement life insurance, and should a charity ever suggest it to a donor?

Conclusions

- Include life insurance on the menu of gift options
- Periodically review policies owned by the charity and decide on appropriate action
- Develop crediting policies regarding life insurance
- Become familiar with the tax implications of life insurance gifts and procedures for completing them.
